

Let Us Guide the Way!

Six Steps to Becoming a Member

1

Congratulations, you've decided to join Girl Guides of Canada! The first stop on your journey to becoming a Guider is to visit www.girlguides.ca/AdultReg and complete the online form.

3

Included in the email with BackCheck instructions was the *Orientation to Guiding* document. Now is the time to read up and get ready for your interview!

5

The screening process is now complete! Time for you to join a Unit and start having fun

2

By now you've received an email from Provincial Office with instructions on how to complete the secure online BackCheck process of obtaining a Police Record Check and Vulnerable Sector Check for working with children. As you complete the BackCheck you will be asked to confirm some personal identifying information and to provide the contact info for three personal references

4

You will be contacted by your District or Area Commissioner to arrange a time for your 10-question interview. Due to the large geographic areas our Districts cover the interview is often done over the phone.

6

Within your first 6 months as a Guider you will need to complete the online Safe Guide training, which outlines our safety policies and procedures.

Other training courses are offered throughout the year including: New Guider training, Outdoor Activity Leadership, Financial, First Aid, and more!
